

# CALL FOR PRESENTERS

## Assistive Technology Across the Lifespan Conference

*December 2 & 3, 2010*

*Holiday Inn Hotel & Convention Center  
Stevens Point, WI*

**We are seeking dynamic presenters that will provide the latest information and resources on assistive technology.**

You are invited to submit a presentation proposal for the 4th annual *Assistive Technology Across the Lifespan Conference (ATALC)* - an exciting, collaborative event sponsored by WisTech, the Stout Vocational Rehabilitation Institute (SVRI), Cooperative Educational Service Agencies (CESAs) and the Milwaukee Public Schools (MPS). The Assistive Technology Across the Lifespan Conference will be held December 2 & 3, 2010 at the Holiday Inn Hotel & Convention Center, Stevens Point, WI.

Over 400 attendees are expected at this year's conference. This conference will be a two day event with 50 plus concurrent sessions and hands on technology opportunities. All categories of assistive technology will be represented as well as all levels of expertise from beginner to advanced levels. As the title implies, "Across the Lifespan" the targeted age groups include birth to six, all levels of primary and secondary education, adulthood and senior services.

Our attendees represent a variety of roles in the field of assistive technology including education, rehabilitation, and community living, including students, consumers and families. Your participation ensures that the conference attendees will also see and try out the latest technology and media tools.

Sectional presentations will be 75 minutes or 2.5 hours. Please complete all proposals online at [www.atacrosslifespan.org](http://www.atacrosslifespan.org) no later than June 11, 2010. Presenters will receive notification of their acceptance by June 18, 2010. In appreciation of your time and efforts all **lead** presenters will receive a free 2 day registration to the ATALC conference. All co-presenters must register and pay full registration fees.

### **How to Submit proposal**

To submit a proposal, please go to the presenter's page online at [www.atacrosslifespan.org](http://www.atacrosslifespan.org). Register for a website account or if you previously registered just login with password, click the presenter icon, click submit presentation proposal, complete form and submit.
